Sponsors

The Emerging Markets Forum is a not-for-profit initiative and depends on contributions from sponsors to make the meetings possible. We would like to thank the following sponsors for believing in our mission and continuously supporting the Forum.

Printing Partner:
Khalsa Printers, Singapore

The Emerging Markets Forum was created by the Centennial Group as a not-for-profit initiative to bring together high-level government and corporate leaders from around the world to engage in dialogue on the key economic, financial and social issues facing emerging market countries (EMCs). The Forum was granted the coveted 501(c) status by the U.S. Internal Revenue Service.

The Forum is focused on some 70 emerging market economies in East and South Asia, Eurasia, Latin America and Africa that share prospects of superior economic performance, already have or seek to create a conducive business environment and are of near-term interest to private investors, both domestic and international. We expect our current list of EMCs to evolve over time, as countries' policies and prospects change.

Further details on the Forum and its meetings may be seen on our website at <http://www.emergingmarketsforum.org>
